

AngelBrite™

White Back Coated Recycled Board

AngelBrite™ White Back Coated Recycled Board (CRB) is a 100 percent recycled, fully-coated, white back paperboard. Qualities such as exceptional topside smoothness, uniformity and white backside in a recycled sheet make AngelBrite an ideal recycled alternative to SBS for a wide variety of packaging applications including those where inside printing is a desired enhancement.

Qualities:

- 100 percent recycled
- Smooth, bright clay-coated topside surface for excellent printability
- White backside surface with a target 60 GE Brightness
- Consistent roll-to-roll quality
- FDA-compliant for direct food contact

Best suited for:

- Pharmaceutical
- Household goods
- Cosmetics
- Bakery
- Food packaging
- Entertainment and game packaging

Environmental attributes of RockTenn CRB:

- 100 percent recycled, with an average of 35 percent post-consumer content
- Requires 70 percent less total energy and 90 percent less water to produce when compared to similar substrates
- CRB is recyclable* - and is the most recovered packaging material in the U.S.

*Packaging may not be recyclable in your area.
